## GAME DESCRIPTION

Big Shot is a single player coin flipping game. The player inserts the coins into a slot which drops into a spring loaded flipping mechanism. The player then aims the mechanism towards the playfield which consists of 12 circular baskets, each with a designated point value. If the coin does not enter into one of the baskets it will drop into a bottom area playfield that consists of a pegged board. This playfield causes the coin to randomly drop down into one of seven slots at the bottom of the playfield. Those slots are also numbered with point values. Tickets are awarded based on the point value.

## CONDITIONS

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately in the form of tokens or tickets.
- 3.) Game shall be clean and free of debris.
- 4.) Game shall be installed and maintained according to manufacturer specifications.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
